Dean Chohan

Las Vegas, NV · chohandean@gmail.com · (714) 580-2545 · shareef.ai · muzzmi.com

Solo founder who designs, builds and ships consumer apps end to end: three apps live on the App Store. Trading crypto and stocks since freshman year of high school. Looking for an early role in product or growth at a startup; open to relocating.

EXPERIENCE

Founder, Muzzmi
Sep 2026 to present

Map of halal food, masjids and prayer times for Muslims. iPhone and web. muzzmi.com

- Designed, built and launched the iOS app (Expo, React Native) and web app (Next.js, Supabase) solo; live on the App Store since Sep 30, 2026, rated 5.0, with 80+ installs two weeks into marketing, all organic.
- Built a scheduled data pipeline from certifier directories and OpenStreetMap: 20,355 places, 6,216 masjids and 2,136 certified listings across 6 countries.
- Shipped a barcode halal scanner (Open Food Facts plus a Claude-powered ingredient-label reader), prayer times with a live Qibla compass, and a community events and vendor marketplace.
- Built business claiming with text verification to the business phone (Twilio) and a monthly subscription (Stripe).
- Run all growth: daily TikTok and Instagram carousels and an AI video series made with Higgsfield; first installs came from organic TikTok. Six App Store versions in the first month.

Founder, Sponsmi
Aug 2026 to Oct 2026

Sponsorship marketplace connecting athletes and creators with businesses. sponsmi.com

- Built and launched the web app and iOS app (App Store, Sep 2026) with Stripe payments, messaging, structured deal briefs and promo codes.
- Ran security, payments and launch audits before release; wrote the cold outreach to businesses.

Founder, Vicinto
2026

Map of sports courts and pickup games; the first version was event ticketing for college parties. vicinto.com

- Built the iOS and web app (App Store, Jul 2026) with Stripe ticketing, host tools and broadcast channels; recruited an LA promoter as a referral partner.

Builder, Shareef
2026

- Built an AI phone agent for small businesses and an AI clipping agent for short-form video; sold them through my own cold email campaigns.

Independent Trader
2022 to present

- Trade crypto, memecoins, stocks and prediction markets; familiar with DeFi on Solana and Hyperliquid.
- Built an algorithmic futures trading bot.

Earlier work
2024 to 2025

- Coach, Soccer Shots (Sep 2024 to 2025): coached players ages 3 to 7 and ran skills and fitness sessions.
- Event Security, ISNA Convention (Aug 2024 to Jul 2025): crowd management, credential checks and volunteer coordination at large events.
